Feast of St. Joseph 2021

With great joy and a sense of urgency we announce the ***Change for Global Change Campaign for 2021*** that begins at Easter and continues for the seven weeks of Eastertime – the season of new life!

The following is the message you will see on our website and in the campaign brochure. Despite the sadness and setbacks of the past year, we remain hopeful and trusting in God’s compassionate care for us and all the people of our world.

2020 ~Can’t Stop the Flow!~ 2021

Because of the worldwide effects of the Covid 19 pandemic, we had no formal campaign last year.

But that did not stop the donations from ‘flowing in’ and we were able to provide one grant to bring ‘flowing water’ to a village in India. Thank you, Friends of “C4GC”!

As we launch our 2021 Campaign, we sadly remember and pray for more than 2.7 million persons who have died from Covid worldwide this past year, along with more than one million who died for lack of clean water.

Our new initiative -- #LoveEarthBoldly -- is dedicated to all who live and love boldly for the sake of others!

See details on the How You Can Help page of the website: www.changeforglobalchange.org and on our Facebook page.

Every year we invite Sisters of Saint Joseph, our Associates, Consociates, so many friends and all people of good will to join us in helping our sisters and brothers around the world to have basic necessities for quality of life.

Many in our own country have faced financial struggles and no one is exempt from the task of navigating new and often hard realities. We ask those who are able to do what you can to support ***Change for Global Change***.

Our donor base has been shrinking as fewer Sisters and Associates are in ministries where they have traditionally organized a campaign with students and parishioners.

Through social media we are striving to attract new donors; thus, our **#LoveEarthBoldly** initiative, as highlighted above.

The best motivator is person-to-person conversation – about the global need for water and how each of us can help by living more sustainably and giving a donation so that we can help others to do so.

Visit our website for all the latest information and the 2021 campaign materials.

Please contact us at info@changeforglobalchange.org if you have any questions or suggestions.

Please help us to make the 2021 Campaign the best ever!

Collecting change to make sustainable change for Earth
