United in Mission – Loving God and Neighbor

ACTION ALERT

From the U.S. Federation JPIC Immigration Working Group

Our dear neighbors continue to cry out in these particularly challenging COVID-19 pandemic times. We know that millions of Americans are struggling... struggling to feed their families without the \$600 unemployment assistance, struggling with unemployment or reduced employment with the end of PPP (Paycheck Protection Program), struggling with the start of a new school year, struggling with daily increased infection and death rates across our country.

Our elected U.S. Senators are returning to Washington, D.C., but they are refusing to act, more than three months after the proposed [HEROES Act](#) (HB 6800) passed the U.S. House of Representatives.

Take Action by contacting your U.S. Senators **today** to urge them to pass supplemental economic relief as addressed in the Heroes Act.

I. Specific action(s) requested:

1. [Call, write, or email](#) your U.S. Senator **now** to ask them to urgently support supplemental economic relief as addressed in the Heroes Act
2. Call, write, or email U.S. Senate Leadership, specifically Senator McConnell at 866-832-1560

Suggested script:

“As a constituent, I urge you to support passage of new legislation in the U.S. Senate providing supplemental economic COVID-19 relief to those most impacted and struggling across our country today. Please support relief addressed in the Heroes Act.”
